

1. Health Cares About Domestic Violence

Similar Projects (Who/What)

- CDC
- Pediatric Assn.
- Governor's Commission is talking about h.c. strategies
- ASU school of nursing
- Thunderbird Banner Hospital has started an internal DV council (who experienced a DV death of an employee); this should be replicated in all hospitals
- More training is available in those who work with pregnancy to discuss coercive relationships during patient health education
- HIPPA has had mixed impact
- This is unique
- Fits because of continuous community collaboration
- Solution oriented
- Multi-disciplinary
- Simplify and combine and clarify memes 19 & 21 so that community members understand their meaning

Alignment with Current Mission

- Primary identification of victims
- Yes it fits mission
- Point of contact/ intervention
- Identification
- Hospitals are regional
- Uniformity in response = _DV
- # 1, 2, 19, 21 are all objectives of HCADV
- Expansion to other healthcare systems underway
- Survey schools for curricula
- Expansion of work is happening
- Staffing is critical
- Improving HC system scores
- The role they play in screening and identifying and interviewing in DV is critical
- Yes, most victims present to health care
- Intervention of prevention of re-occurring violence
- Yes, large impact (victims most often come into contact with providers)
- Recognition in health care field is growing

2. Behavioral Health Response

Similar Projects (Who/What)

- Behavioral Health- not bring addressed
- Stakeholder group is working on legislation for batter intervention programs and diversion (ACADV)
- Performance Based Evaluation of B.I.P.'s needs to be preformed on providers

Alignment with Current Mission

- Yes, huge need—this field is not educated about BV
- Big impact and opportunities for collaboration
- Development of resources for the entire continuum of mental health issues
- Emphasis on early intervention and prevention
- Aligns with mission
- Add addressing the offender with serious mental illness

3. Employers Against Domestic Violence (EADV)

Similar Projects (Who/What)

- No duplication
- This is unique
- Fits mission and purpose

Alignment with Current Mission

- Very successful; keep it!
- Addresses DV through the workplace
- Community collaboration, awareness, prevention and intervention

4. Religious Response

Similar Projects (Who/What)

- Gov.'s Commission- Prevention/Early Intervention has been discussed
- Being addressed at national- to local level but it is overwhelming
- Religious Response NEEDED!!
- NO Redundancy
- Need to buy-in

Alignment with Current Mission

- Just do it! (#8)

- Get “man” involved
- One of the stakeholders
- Current Role of Religious organization as referral for victim services
- Needs a leader

5. Primary Prevention: Community Education & Outreach

Similar Projects (Who/What)

- Gov.’s Commission subcommittee is discussing
- Funding awarded for a media/campaign or awareness for teen dating violence (ACADV/Teen Lifeline)
- Governors office will have recommendations
- City of Tempe Safe & Drug free grants program, funds peer solutions for violence prevention in Tempe middle and senior high schools
- Each particular are doing some kind of marking- needs oversight

Alignment with Current Mission

- Fits with mission
- Needs coordination county-wide
- Expensive
- Expand and incorporate age appropriate education with in school curriculum
- #11- Do It!
- Need: Coordination and info sharing
- #9- implementing DV education inside school
- NEEDED
- No Redundancy known
- Aligns with mission
- First step is for recognition thru education and awareness
- Relevant, but many others leading efforts

6. Municipal Approach

Similar Projects (Who/What)

- No duplication, but governors Comm. Is working on it (sexual assault subc.)

- Key stakeholders in DV service area

Alignment with Current Mission

- The FAC model is working; we should continue it
- Emphasize _ amount of permanent affordable housing
- Include municipalities in developing county DV protocols
- Grass roots community collaboration and involvement
- Municipalities with financial capabilities
- Cities and counties need to hold perp. Accountable though the justice systems
- Maricopa county protocols need to be revisited due to unilateral changes

Criminal Justice

- Majority of DV cases are handled at the municipal level
- Training police
- Safety/Acct. Audits

7. Emergency Services

Similar projects (Who/What)

- Should be incorporated with #8
- Combine ES and CRT's
- Unique- needs to be addressed

Alignment with Current Mission

- First step to identify
- Education and training for first response intervention- prevent continued violence

8. Crisis Response Team

Similar Projects (Who/What)

- No duplication
- Currently coordinated well
- Others involved: shelters, DV- stop
- Unique

Alignment with Current Mission

- Needs to continue to expand
- Need more training
- Critical

- Has a strong GP now
- Provides first responders
- Yes, obvious. Closer to community
- Redundancy Community info coalition and refund does (30) maybe 211

9. EV Housing Options

Similar Projects (Who/What)

- Victims being evicted due to DV calls and or victims being allowed out of a lease in DV situations (for safety)- needs to be addressed
 - Area Agency on Aging New transitional shelter for older battered woman
 - Cities need to designate portions of AFF housing to DV victims
 - No duplication
 - Stakeholders group is meeting on the landlord/tenant eviction/safety issue
 - Shelters (component of victim services):
 - Chrysalis/Salvation Army
 - House of Refugees/...
 - UMOM/...
 - YWCA Haven House/...
 - My Sisters Place/...
 - Autumn House/...

Alignment with Current Mission

- There is not enough housing/infrastructure in Maricopa county
- There is inter-connectedness with poverty
- Many doing this but have not been real successful funding more beds
- Increase affordable housing
- Community resource
- Meets mission and purpose
- Continue efforts
- Not enough shelters
- Consolidate and expand

10. Coordinated Community Response & Evaluation of DV Systems

Similar Projects (Who/What)

- No duplication
- There is a statewide legal info website, includes DV materials (morris institute)
- Resource links currently through DV-stop and possibly 211-Gov. office
- Phx. city audit needs to be translated into action steps
- Possibly Tucson

Alignment with Current Mission

- Key Network
- Key Component
- Focus on the action part rather than having more mtgs.
- Don't re-invent the wheel
- Response critical to ending DV
- Been successful, but more cities need them

11 Establish Collaborative Training Networks

Similar Projects (Who/What)

- Law enforcement and CPS gets training, but it isn't cross training
- Shelters are starting
- Establish more localized training
- Information with specifics
- Unique network

Alignment with Current Mission

- This does not exist- a group needs to take lead- MAG?
- Provides Standardization

12. Victim Services

Similar Projects (Who/What)

- Governor's Comm.
- Sub-committee (Victim Services)
- Various services on state _ local level
- Yes, obvious
- Overlaps with survey- numerous victim advocates for different systems i.e. advocates in prosecution, shelter
- Maricopa has leadership in this area
- Some systems don't know about initiative

- Gap in services for special populations (immigrants, disabled, elderly, etc...)
- Visitation and exchange critical
- Alternates to shelter i.e. long-term CM
- Fresh start

Alignment with Current Mission

- Integral to mission
- No redundancy
- Need a systemic response for victims
- Interconnected with poverty
- Make sure we serve the “under served” communities (i.e. disabled, elderly, etc...)
- All fulfill a critical role in preventing and intervening of earlier stages of DV
- Develop more DV services in transitional programs
- Important to recognize long term care in ending DV
- Key function to survival of victims
